Vancouver July 28th 1892.

The Council met on Thursday July 28th 1892 at 10 A.M.

Present Acting Mayor Anderson, Aldermen Common, Collins, Scoullon, McCraney, Franklin, Mills & Govin.

Moved by Alderman Common,

Seconded by " Collins

Whereas from the reports received by the Health Officer it appears that the City of Victoria has now checked the spread of the disease of Small Pox and apparently has it under control,

And whereas the City of New Westminster has seen fit to raise the quarantine against the influx into that City of passengers from Victoria and thereby rendered it a matter of very great difficulty on the part of the City of Vancouver to efficiently carry out the quarantine regulations thereto enforced, if it was considered necessary to continue them,

Therefore be it resolved that the quarantine enforced up to this date be relaxed and the Medical Health Officer be instructed to strictly carry out the Provincial Health Regulations and the City Health By-Laws so far as may under the present circumstances be considered by them necessary for the preservation of the public health.

The Council then adjourned

F. P. Mayor
