#### Report of the Board of Works

The Board of Works met on Tuesday Sept 7th, Saturday Sept 11th and Monday 13th 1886 and submit the following report.

In accordance with the wishes of the Council we have asked for tenders for Cordova Street and Hastings Street from Howe Street to Westminster Ave and have received the following:

#### Cordova Street

Wise and Boyd \$7900 No deposit

J.A. Gillis 6250 No deposit

William Harkins 6270 \$1100 cheque

McDonald & Cameron 6445 \$325 order

Stephenson & McCraney 5960 325 cheque

#### Hastings Street from Carrall to Howe

Wise & Boyd \$10,600

William Harkins 13,400

#### Hastings Street from Carrall to Westminster

William Harkins \$4200

William Harkins offers to gravel said streets for \$2.20 per cubit yard.

And this Board recommend to the Council the acceptance of Messrs. Stephenson & McCraney's tender for the improvement of Cordova Street their being the lowest.

We have examined the petitions of the property owners on Carrall Street and Cordova Street between Carrall and its conjunction with Water Street and report to the Council in favor (sic) of the prayers of the petitioners, but in the matter of the Hastings Street petitions we find the cost of the improvements so great when contrasted with the assessed value of the property that we have referred them back to the Council for discussion.

We have examined the following accounts, and finding them correct recommend them to be paid.  
Brunette Sawmill Corp \$5.40  
E Longhorn 9.00  
Ayer & Son 10.000

As Messrs. Carey, Cameron and McKay, McDonald & Cainelow, failed to put up the necessary deposit, the contract for the improvement on Carrall Street was awarded to William Harkins, the next lowest tenderer and first to comply with the conditions for cash deposit.  
sgd L.A. Hamilton

In Committee the petitions of the property owners on Carrall Street and Cordova Streets were adopted but in the matter of the Hastings Street petitions it was moved by Alderman Dunn seconded by Alderman Griffith that the Board of Works be empowered to act on the petitions or amended petitions of the property owners on said street.

We have received the resignation of E.T. Morris as Fire Engineer which we recommend to be accepted as soon as a successor can be appointed.  
And the Committee ask for power to appoint a Fire Engineer at the same salary.  
We also find that the Engine requires considerable repairs through defective workmanship and we recommend that the same may be remedied and the cost thereof charged to John D. Ronald.

It will also be necessary to appoint a steward for the hospital and we would recommend to the favorable (sic) consideration of the Council the appointment of Mr. Hughes at \$25.00 a month on trial for the first month.
