

Police Magistrate refuses to act, charges Stewart – January 31, 1887

From John M. Stewart; calling the attention of the Council to his inability to hold a Police Court for the trial of H.L. Edson “on account of the Police Magistrate refusing to act.” As Mr. Gallagher has declined to carry out his tender for the clearing of the Cemetery, the tender to go to the next lowest bidder. Dr. McGuigan’s account lists \$5.00 to examine “Buchanan a Lunatic” and \$10.00 for holding an inquest on A. Cordova.

Fire Water and Light Report

The Fire Water and Light Committee met on Saturday January 29th 1887 at 2.P.M.

In accordance with the wishes of Council we have awarded the contract for the erection of 24 Street Lamps complete at \$6.90 each to E.S. Scoullar + Co and the making and placing of 24 Lamp posts to E.P. Hamilton for \$55.00.

We have examined the following accounts and recommend their payment: -

Hastings Mill Co. Repairing Engine \$10.00

Express Company \$ 5.00

We ask the Council to appropriate five hundred dollars for ordinary expenses connected with the Fire Department and that twenty five hundred dollars be placed to Capital accounts for the erection of a building and the permanent equipment of the Fire Brigade.

This Committee having had under discussion the two schemes for water supply feel themselves incompetent to come to a decision or pass any opinion as to the relative merits from an engineering point of view but are a unit in regarding the financial proposals of the Vancouver Water Works Company as being infinitely preferable and resolve with a view of ascertaining the nature of the agreement that the company would require from the City and the powers of the Corporation to enter into it; recommend that the Council ask the said Company to submit a draft of the same for consideration and state whether the Corporation are clothed with sufficient powers under their Charter to enter therein and if not to submit a form of bill or such amendment to the City Charter in time to secure the necessary legislation at the present session of the House.

In making these proposals it is on the understanding that an expert hydraulic engineer should be appointed by the Vancouver Water Works Company who shall within 60 days report to them as to the feasibility of constructing the said works and the maintenance of a sufficient water supply at all times, but on his reporting favourably in this connection that the agreements of the draft meet with approval; be consummated.

It is however to be distinctly understood that the execution of this agreement on the part of the Corporation in [unreadable] commits them to the correctness of the opinions of said expert.
Sgd R. H. Alexander, Chairman

Report adopted with exception of clause relating to Water Works which was laid over for one week.
