Report No 22

F.W.L. Committee

The Fire Water and Light Committee met on Saturday June 25th 1887 and report that we have considered the following accounts and recommend their payment: -

Freight on Hose, and Lanterns \$13.94
R. Rutherford, Hauling Engine \$30.50
Patrick Heffron \$6.25
Thos. Porter \$6.25

In considering the account of John Dougall for refreshments furnished to the Vancouver and Westminster Fire Brigades we consider that one hundred dollars would be ample remuneration for such refreshments and recommend the payment of that amount.

We recommend that the Fire Hall Lot be fenced in at the rear end.

sgd Rich. H. Alexander,
Chairman.

Adopted Mannion - D. Oppenheimer.

Report No 43
of
The Board of Works.

The Board of Works met on Friday June 24th 1887 and report that they have considered the petition of Bewick and others for a bridge over a creek on 200 A and have instructed the City Engineer to examine and report.

We recommend that a contract be given to Stephenson and McCraney to enclose that part of the Cemetery improved by a rail fence, cedar posts all around sunk 2 ft. 6 in. in the ground and put in a double gate hung, for the sum of \$90.00

We have instructed the City Engineer to make the crossings of the lane possible between Powell and Alexander Streets east of Westminster Avenue, and to give W.B. Wilson the grade asked for and to run the street line according to the old survey.

With reference to the petition of H.A. Jones for the opening up of Ninth Avenue we recommend that the consideration of the matter be deferred as money is more urgently needed to be expended in other parts of the City.

We recommend that Dunlevy Avenue be improved as petitioned for by Thos. Dunn and others and that two six foot sidewalks be laid and that the tank be provided with as soon as possible.

We recommend that no action be taken towards the opening up of Quebec Street until Westminster Avenue is improved.

With reference to the Petition for the improvement of Hamilton Street we recommend that their prayer be granted and that one six foot sidewalk be laid down and that the work be proceeded with in rotation.

We recommend the acceptance of the tender of L. Law for the furnishing of cast iron junctions for sewers at 4 cents per pound.

Tenders.

The following tenders have been received for the drain between Dupont and Oppenheimer Street.

Boyd and Clandenning 20 cents per foot

W.C. Muir 15 1/2 cents per foot

We recommend the acceptance of the tender of W.C. Muir.

We recommend the payment of the following accounts.

W.S. Cook, hauling lumber \$6.00

John Cuthbert, making crossings \$7.00

Wm. Harkins, Tank on Oppenheimer St. \$400.00
Wm. Harkins, grading street to Sprotts \$50.70
Alcock and Smole, filling \$20.00
H. Bowers, digging drain \$7.00

Adopted I. Oppenheimer - Lockerby
Alderman Humphries voting nay.

The Council then adjourned.
