

Barbers clamour to re-open on Sundays – July 28, 1890

City barbers request to be allowed to re-open their shops on Sundays, and the request is seconded by the hotel keepers. Royal City Planing Mills objects to the Cambie Street Bridge being built without a draw (a section that can be raised or drawn aside). Dispute between the Athletic Club and the contractor selected to lay out cricket ground and lacrosse pitch at Stanley Park. Contractor claims work is complete; Athletic Club says not. \$400 held back on contractors' account until issue is settled.

8. That Dufferin Street Bridge be covered 20 ft wide instead of 16 ft according to recommendations of the City Engineer.

9. That the City Engineers be instructed to notify the contractors on the East End Park to push their contract to completion immediately otherwise the City will have to put on men to do the work at their expense.

10. A communication was received from A. St. G. Hamersley, Secy of Brockton Pt Athletic Club informing the Committee that certain differences had arisen between the contractor and Engineers representing the City and the club as to whether the contract had been completed or not and that it was agreed in order to settle all disputes, that if there were over \$800 due the contractor, the City should retain \$400 for completion of contracts and balance should be paid to the Contractor.

The above agreement was made subject to the approval of the Board of Works. The Club wished the

sanction of the Board to lay down 50 square yards about the centre of the eastern portion of the grounds for a cricket pitch, and on the west end for a lacrosse ground.

They had engaged the services of Mr. Eldon, an experienced gardener to supervise and carry out the work, and purpose doing it by day labor on the advice of the Engineers, as from the Engineers as from the nature of the work in cannot be carried out satisfactorily by contract.

The remainder of the grounds to be seeded down and made level.

The Secretary requested the Board to Sanction the expenditure and allow the work to be proceeded with and all payments to be made on joint certificates from the City Engineer and the Engineer appointed by the Club

It was resolved that the request of the Club be granted, and that all payments be made as suggested.

11. That the City Engineer be instructed to examine and report upon the petition of John Williams for the construction of a box drain in the gully between Seaton and Eveligh Streets.

12. The petition from J. Nesbit et al asking to have Homer St. graded and full with was laid over.
